

Bryan McCune, MD – Subspecialty Director of Hematopathology and Immunohistochemistry, DIANON Systems-North Carolina

Office location: Research Triangle Park, NC | Telephone: 919-361-7725

Dr McCune is board certified in anatomic and clinical pathology and hematopathology. He received his medical degree from the University of Nebraska College of Medicine. Dr McCune completed pathology residency training at the University of North Carolina at Chapel Hill, followed by a research fellowship at the National Cancer Institute and an academic appointment at Johns Hopkins Medical School department of pathology. He has extensive diagnostic experience in hematopathology and general surgical pathology, and he has performed tissue interpretation in support of numerous clinical trials at LabCorp. Dr McCune has authored papers published in journals such as *Human Pathology*, the *Journal of Clinical Investigation*, the *American Journal of Pathology*, and the *Journal of Biological Chemistry*.

Suha Mishalani, MD – Subspecialty Co-director of Hematopathology, DIANON Systems

Office location: Shelton, CT | Telephone: 203-926-7424

Dr Mishalani is board certified in anatomic and clinical pathology and hematology. She received her medical degree from the American University of Beirut, Lebanon. Dr Mishalani joined DIANON Systems from Cedars Sinai Medical Center in Los Angeles, where she completed her residency and hematopathology subspecialty training and was chief resident. She has extensive training and experience in hematopathology and flow cytometry.

Glenn H. Segal, DO – Subspecialty Co-director of Hematopathology, DIANON Systems

Office location: Shelton, CT | Telephone: 203-926-7485

Dr Segal is board certified in anatomic and clinical pathology and hematology. After graduating from the University of Medicine and Dentistry of New Jersey, he was a resident and chief resident at the Cleveland Clinic Foundation and a hematopathology fellow at the University of Utah School of Medicine. Before joining DIANON Systems, Dr Segal was an assistant professor of pathology and medical director of the molecular hematopathology laboratory at the University of Utah School of Medicine. He has also been an assistant professor of pathology at the University of Florida College of Medicine in Gainesville. Dr Segal is the recipient of numerous research awards and has authored more than 25 publications in hematopathology.

Ronald W. Thomason, MD – Director of Hematopathology, DIANON Systems and US LABS

Office location: Brentwood, TN | Telephone: 615-377-7149

Dr Thomason is board certified in anatomic and clinical pathology and hematopathology. He received a medical degree with highest honors from the University of Tennessee School of Medicine. Dr Thomason completed a residency in anatomic and clinical pathology at Wilford Hall Medical Center at Lackland Air Force Base in Texas and participated in a hematopathology fellowship directed by Dr Peter Banks at the University of Texas Health Science Center at San Antonio. Before joining Esoterix, Dr Thomason was medical director of hematology and a staff pathologist in the Department of Pathology, Blount Memorial Hospital in Maryville, Tenn, and medical director of Molecular Pathology Laboratory, also in Maryville. He is a member of the American Society of Clinical Pathologist, the American Society of Hematology, and the International Society for Analytic Cytometry

Frank A. Bauer, MD

Office location: Shelton, CT | Telephone: 203-926-7141

Dr Bauer is board certified in anatomic pathology, clinical pathology, and hematopathology. He received his medical degree from Loma Linda University and completed residency training at Loma Linda University Medical Center and Walter Reed Army Medical Center. Dr Bauer is currently the director of hematopathology and medical director of the hematology, flow cytometry, and molecular pathology sections at St Francis Hospital and Medical Center in Hartford, Conn, and he serves as an adjunct assistant professor at the University of Connecticut School of Medicine.

Margaret Johnson, MD

Office location: Research Triangle Park, NC | Telephone: 919-361-7787

Dr Johnson is board certified in anatomic and clinical pathology. She received her medical degree from the University of North Carolina at Chapel Hill, and she completed her residency training in anatomic and clinical pathology at University of North Carolina Hospitals in Chapel Hill. She is a member of the American Society of Clinical Pathologists, the College of American Pathologists, the International Society for Analytic Cytometry, and the Clinical Cytometry Society. She has more than 13 years of experience interpreting immunophenotypic analysis of leukemias and lymphomas by flow cytometry and DNA ploidy analysis by flow cytometry and image analysis.
