

Uropathology Staff

James B. Amberson, MD – Vice President of Pathology, DIANON Systems

Office location: Shelton, CT | Telephone: 203-926-7158

Dr Amberson is board certified in anatomic pathology and cytopathology. He received his medical degree from The Johns Hopkins University School of Medicine and completed residency training in pathology at the New York Hospital-Cornell University Medical Center. He was a cytopathology fellow under Leopold Koss, MD, at Montefiore Medical Center, Bronx, NY. He also holds an MBA from Columbia University.

Dr Amberson was an assistant professor of pathology at the Cornell University School of Medicine from 1983 to 1989, after which time he became DIANON's medical director. His area of expertise is uropathology, and he has authored articles about general pathology, urology, flow cytometry, and image cytometry that have been published in various medical and scientific journals. He is a member of the American College of Pathologists, the United States and Canadian Academy of Pathology, and the American Medical Association.

Arundhati Chatterjee, MD – Subspecialty Medical Director of Uropathology, DIANON Systems-North Carolina

Office location: Research Triangle Park, NC | Telephone: 919-361-7734

Dr Chatterjee is board certified in anatomic and clinical pathology and cytopathology. She received her medical degree from the University of Calcutta, India, and completed her pathology residency and a fellowship in anatomic pathology at the University of Ottawa, Canada. Dr Chatterjee's experience includes serving as pathologist and chief of clinical pathology at Womack Army Medical Center, Fort Bragg, NC, during which time she developed a special interest in uropathology and worked closely with the Armed Forces Institute of Pathology. Dr Chatterjee has extensive diagnostic experience in uropathology and urine cytology.

Gerard O'Dowd, MD – Medical Director, DIANON Systems-Oklahoma, and Executive Medical Director of Uropathology

Office location: Oklahoma City, OK | Telephone: 405-290-4000, x4330

Dr O'Dowd was one of the founders of the UroCor Division of DIANON Systems. He received his medical degree from Georgetown University School of Medicine. Dr O'Dowd performed his pathology residency training in anatomic and clinical pathology at the University of Utah Medical Center and did an additional fellowship year of anatomic pathology in FNA cytopathology with Dr William Frable at the Medical College of Virginia. Dr O'Dowd was an instructor in pathology at the George Washington University Affiliated Hospital and was a staff pathologist at the Washington Hospital Center. He has authored extensive articles in uropathology.

Edward Poole, MD – Associate Director of Uropathology, DIANON-Systems-Oklahoma

Office location: Oklahoma City, OK | Telephone: 405-290-4000, x4338

Dr Poole is board certified in anatomic and clinical pathology. After graduating from the University of Kansas Medical School, Dr Poole was a surgical intern at Sinai Hospital of Baltimore. He then returned to the University of Kansas as a surgical resident and subsequently transferred to pathology. Dr Poole completed both a residency and fellowship in surgical pathology and cytology. He joined the UroCor division of DIANON Systems in the fall of 1994. He has seen more than 120,000 prostate biopsies and has contributed to articles regarding suspicious focus on prostate needle biopsy and twelve-core needle biopsy sampling. He is a member of the United States and Canadian Academy of Pathology and the College of American Pathologists.

Sun M. Chung, MD

Office location: Uniondale, NY | Telephone: 516-228-6272

Dr Chung is board certified in anatomic and clinical pathology. She earned her medical degree at the University of Chicago Pritzker School of Medicine. She completed residency training in anatomic and clinical pathology at New York Presbyterian Hospital, Weill Medical College of Cornell University and fellowship in gastrointestinal pathology at Memorial Sloan-Kettering Cancer Center. Dr Chung is a member of the United States and Canadian Academy of Pathology and the College of American Pathology.

Rosina de Campo, MD

Office location: Shelton, CT | Telephone: 203-926-7256

Dr de Campo is board certified in anatomic and clinical pathology and cytopathology. She received her medical degree from the University of Uruguay and completed her residency training at the University of Colorado. Dr de Campo also completed fellowships in surgical pathology at the University of Texas Galveston Medical Branch and uropathology at the University of Colorado. She was director of the pathology department at the Denver Clinic–Accord Medical Center. She was also a postdoctoral fellow and research associate at the Prostate Diagnostic Center, University of Colorado. Dr de Campo has worked at DIANON Systems since 1999.

Ninrong X. Giebisch, MD, PhD

Office location: Shelton, CT | Telephone: 203-926-7117

Dr Giebisch is board certified in anatomic pathology and cytopathology. She received her medical degree from Peking Union Medical College, Beijing, People's Republic of China, and her doctorate in neuroscience from Cornell University Graduate School of Medical Sciences–Memorial Sloan-Kettering Cancer Center. She completed her residency training at Yale–New Haven Hospital and a cytopathology fellowship at Montefiore Medical Center Hospital, Albert Einstein College of Medicine. Afterward, Dr Giebisch worked as an attending pathologist at Yale–New Haven Hospital. Before joining DIANON Systems, Dr Giebisch was an assistant professor of pathology at the University of Connecticut Health Center.

Joseph Ilasi, DO

Office location: Uniondale, NY | Telephone: 516-228-6205

Dr Ilasi is board certified in anatomic and clinical pathology. After graduating from the New York College of Osteopathic Medicine, he trained at North Shore University Hospital in Manhasset, NY, where he also completed a 1-year fellowship in general surgical pathology. Before joining DIANON Systems, Dr Ilasi was a member of the attending staff at North Shore University Hospital and received extensive training and sign-out responsibilities in pathologic diseases of the gastrointestinal tract, genitourinary tract, and breast. Since joining DIANON in 2001, Dr Ilasi has continued to gain extensive experience in those areas.

Youming Huan, MD

Office location: Uniondale, NY | Telephone: 516-228-6291

Dr Huan is board certified in anatomic and clinical pathology. She earned her medical degree from West China University of Medical Sciences, People's Republic of China. Dr Huan received residency training in pathology through the Western Reserve Care System/NEOUCOM program in Youngstown, Ohio, and the Mount Sinai Medical Center program in New York, NY. She completed a fellowship in surgical pathology at Memorial Sloan-Kettering Cancer Center in New York, NY. Prior to joining DIANON, Dr Huan was an assistant professor in the Department of Pathology at The Mount Sinai Medical Center in New York City where she practiced general surgical pathology.

Lana Kleynerman, MD

Office location: Uniondale, NY | Telephone: 516-228-6208

Dr Kleynerman is board certified in anatomic pathology. She received her medical degree from Riga's Medical Institute in Latvia (former Soviet Union) and completed her training in surgical and clinical pathology, as well as cytology fellowship, at Lenox Hill Hospital in New York. Before joining *DIANON Systems*, Dr Kleynerman worked as an attending pathologist at the Long Island Jewish Medical Center, Flushing Hospital Medical Center, and Elmhurst Medical Center affiliated with New York's Mount Sinai School of Medicine.

Mary F. Lachman, MD

Office location: Shelton, CT | Telephone: 203-926-7493

Dr Lachman is board certified in anatomic and clinical pathology and cytopathology. She received her medical degree from the Medical College of Ohio in Toledo and completed her fellowship in surgical pathology and cytopathology at Hartford Hospital in Hartford, Conn. Dr Lachman has extensive experience in cytopathology and gynecologic pathology. She joined *DIANON Systems* from the department of pathology at Yale University, where she was an assistant professor and served as director of cytopathology. She is a fellow of the College of American Pathologists, and a member of the American Society of Cytopathology and the American Medical Writers Association. Dr Lachman has authored numerous articles in general pathology and cytology.

Xiao-Cong Peng, MD, PhD

Office location: Oklahoma City, OK | Telephone: 405-290-4000, x4337

Dr Peng is board certified in anatomic and clinical pathology. He completed his training in anatomic and clinical pathology at New York University Medical Center. He extended his stay at NYU Medical Center for a surgical pathology fellowship. He moved to Oklahoma City in October of 1999 after a year of practicing general surgical pathology and cytopathology in a private lab in New York City. Dr Peng also holds a doctorate in toxicology from Massachusetts Institute of Technology. He has research experience in analytical chemistry and molecular biology.

Peter Ramos, MD

Office location: Oklahoma City, OK | Telephone: 405-290-4339

Dr Ramos is board certified in anatomic and clinical pathology. He received his medical degree from the Medical Sciences Campus of the University of Puerto Rico. He completed a pathology residency at the Hospital of the State University of New York at Stony Brook. He was a fellow in surgical pathology at the University of Minnesota and a fellow in oncologic pathology at Fox Chase Cancer Center in Philadelphia. Prior to joining *DIANON*, Dr Ramos was a staff pathologist at Mennonite General Hospital in Puerto Rico.

Consulting Pathologist

In addition to staff pathologists, DIANON Systems utilizes consulting physicians to review complex cases.

Jonathan I. Epstein, MD – Professor of Pathology, Urology, and Oncology, The Johns Hopkins University School of Medicine, Consultant in Uro pathology

Dr Epstein is an internationally recognized authority in uro pathology. He has authored more than 300 articles, 4 books, and 22 book chapters in the field. Dr Epstein graduated from Boston University School of Medicine. He trained in anatomic pathology at Johns Hopkins where he was chief resident and completed a fellowship in oncologic pathology at Memorial Sloan Kettering Cancer Center in New York.
